Credit Risk	Counterparty default risk in OTC derivatives and structured products	Medium	High	Credit limits, collateral agreements, CDS protection
Regulatory Risk	Changes in financial regulations (Basel IV, MiCA, SEC rules)	Medium	Medium	Dedicated compliance team, regulatory monitoring
Operational Risk	Technology failures, cybersecurity breaches, process errors	Low	High	SOC monitoring, DR/BCP plans, cyber insurance
Liquidity Risk	Inability to meet redemption requests during market stress	Low	High	Liquidity buffers, stress testing, credit facilities
ESG/Climate Risk	Physical and transition risks from climate change	Medium	Medium	ESG integration, scenario analysis, TCFD reporting
Concentration Risk	Over-reliance on top 10 clients (38% of revenue)	Medium	High	Client diversification program, 500+ client target

Corporate Governance

The Board of Directors comprises 11 members, of whom 9 are independent non-executive directors. The Audit Committee, Risk Committee, Compensation Committee, and Nomination & Governance Committee each meet at least quarterly. In 2024, the Board approved a revised Remuneration Policy linking 55% of executive pay to long-term sustainability metrics including ESG scores, client retention, and three-year total shareholder return (TSR). The company maintained a governance score of 87/100 from ISS Governance Quality Score, placing it in the top decile of financial services peers.

Outlook & Guidance FY2025

Management provides the following guidance for fiscal year 2025: Revenue growth of 12–16% YoY (implying \$5.40–5.59B), EBITDA margin expansion of 100–150bps, AUM target of \$78–82B, and net new client additions of 2,000–2,400 accounts. Capital expenditure is projected at \$380–420M, primarily for technology infrastructure and office expansion in Singapore and Dubai. The Board has authorized a share buyback program of up to \$500M over 24 months.
